## Learn About Our Divisions

[African Leadership Academy](#) has emerged as one of the most innovative educational institutions in the world – and our network of young leaders is [already shaping the future of the African continent](#).

As Africa battles the effects of the COVID-19 pandemic, our mission becomes ever more profoundly important: **we will enable lasting peace and shared prosperity in Africa by identifying, developing and connecting the continent’s future leaders**. To bring this mission to life, our [ALA 2023 strategic plan](#) stresses the delivery of three strategic priorities:

1. We will **win in the marketplace**, building our brand and market demand for our leadership development programs as a model social enterprise;
2. We will invest in **learning and innovation** in our diploma program, such that we improve our outcomes and share our learning with the broader sector; and
3. We will **unleash our network**, engaging our alumni as partners in our mission and catalyzing their impact across diverse sector pathways.

Our divisions work together to enable all of these priorities and solidify our positioning as the continent’s pre-eminent leadership development institution, and will extend the impact of our work across Africa and around the world.

## ALA Divisional and Departmental Grouping
